Trinity Evangelical Divinity School

My wife and I are grateful for the ministry of SMI!

After being with a parachurch ministry for over twelve years, we sensed God calling us to a church-based ministry, which included the completion of a Master of Divinity degree. I am now working at a church part time as I attend seminary full time. Because of SMI, I am able to earn a significant living while gaining valuable ministry experience through the church with flexibility and freedom to focus on school.

I would not be in seminary without
our partnership with SMI.
